

The Department of Mathematics at National Tsing Hua University of Taiwan invites applications for all levels of faculty positions in pure and applied mathematics. Review of applications will begin immediately. Applications received by December 10, 2020 are given full consideration for the last round selection, but all applications are considered until positions are filled. Please send signed cover letter, CV, research statement, copies of publications, and three letters of recommendation to: [hiring@math.nthu.edu.tw](mailto: hiring@math.nthu.edu.tw)

For more information, please visit our webpage:
<http://www.math.nthu.edu.tw>

Cost of living in Taiwan is rather low:
<https://www.expakistan.com/cost-of-living/country/taiwan>

The medical level is high and affordable:

For candidates who cannot speak Mandarin, it is not a problem to live in Taiwan with English. A teaching load is up to 3 courses per year.

For candidates with family, please note the public education has features of high quality and low tuition.
